

Happily Ever After "I Do"

Not every couple has the time or money to travel to Europe to stay in a castle, which is why SandCastle Resort is pleased to announce it's Happily Ever After package. Celebrate your honeymoon in royal style at Saskatchewan's most exclusive and luxurious resort specializing in couples retreats. Conveniently located 50 km NW of Saskatoon, we are close enough that you can spend your time relaxing rather than traveling and remote enough to feel like you've entered another realm.

We have designed the following five night, Sunday – Thursday packages for couples looking for a truly romantic, unique, and compact luxury vacation. As is the case with any booking at SandCastle Resort, we invite you to swim in our outdoor pool and hot tub, visit or dine on our four levels of deck, and play horseshoes or go golfing and hiking on our 160 acres of land. In the evenings, snuggle up with a movie, stargaze from our turret or unwind around the embers of a campfire. Of course you can also socialize in our licensed games room equipped with billiards, foosball and air hockey. But most of all, we invite you to simply relax and enjoy the company of the most important person in your life. In addition to all of our regular amenities, the following package features some "extra specials" to create magical memories for years to come.

These are:

- 1 day canoe rental with shore lunch for 2
- 1 hour each of massage therapy
- 1 hour each of horseback riding
- 1 Turret breakfast at the top of the castle
- 1 evening of campfire smoores
- 3 home-style suppers in our dining room
- 1 formal dining room supper
